FISCAL NOTE ANALYSIS

STATE OF ALASKA
2022 LEGISLATIVE SESSION

-

Analysis

This bill amends the crime of sexual assault in the first and second degrees by adding force or the express or implied threat of force against any person as an element of the offense; amends the crime of sexual assault in the second degree by expanding the conduct constituting the offense to include sexual penetration with another person without consent of that person where force is not used, and sexual assault in the third degree to include sexual contact with another person without consent of that person where force is not used; and provides a definition of "consent."

Sexual assault response and investigation falls within the duties of the Alaska State Troopers. The changes proposed in this bill will require revisions to the sex crimes training curriculum provided at the Public Safety Training Academy in Sitka for new State Trooper recruits. Additionally, all current State Troopers will need to be made aware of and educated on the changes. Should this bill pass, it is expected that the department can accomplish these tasks using existing resources. Therefore, a zero fiscal note is being submitted.
